Water Resistant Quality
Bathroom Furniture

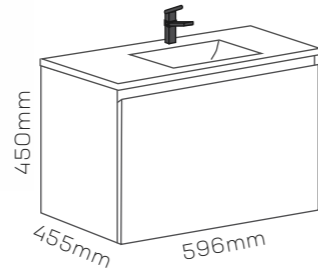

Water resistance becomes a concern when frequent water contact is inevitable for the bathroom furniture. The solution offered by HERA; European collection of affordable luxurious bathroom promises water resistance and high durability with the use of PVC.

HERA uses PVC panels that are 18mm thick structured for high sustainability; making this a superior choice for wet bathrooms. The drawers are tested to load up to 50kg, complete with quality finishes without any sharp edges and comes with soft-closing mechanism to prevent hard slamming of the doors.
